

Every Moment - Rendi Scholten

Icebreaker:

1. If you got to choose your name, what would it be and why?
2. If you could make the ultimate sandwich, what would be on it?

Summary:

Encourage families to be intentional and wise in how they live their daily lives. Emphasize the importance of making the most of time by prioritizing godly values, teaching children wisdom, and **strengthening relationships through love and faith**. In a world full of distractions and challenges, families are called to walk in wisdom, nurture each other spiritually, and use every opportunity to grow in Christ together.

Engage the Bible:

Read Ephesians 5:15-16 - Be very careful then how you live - not as unwise, but as wise, making the most of every opportunity. Discuss verse as a group.

Small Group Questions:

- How do you currently manage your time? Do you feel like you are making the most of every opportunity?
- In what areas of your life do you struggle to be intentional about your faith?
- How can we guard against the distractions and temptations we face in our everyday world?
- What changes can you make this week to be more intentional with your family and make the most of every moment in how you live, love, and walk in faith together?
