

## What are you seeking? - Rendi Scholten

What are you seeking? Jesus already knows our hearts, our wants, needs, and desires. He already knows the outcome, but he wants us to have some introspection, reflection, and insights into the deepest desires of our hearts to pursue a life that leads us to Him. He wants us to seek Him and to have a lasting eternal relationship with our father. After all he did come to seek the lost, us.

### Icebreaker:

- Do you ever double or triple check things? If so, what?
- What is something mischievous you have done?

### Small Group Questions:

- Have you ever asked someone a question to which you already knew the answer? For what reason?
- Have you spent some time examining your heart's desires? Your wants? Needs?
- If so, what is it that you are longing for versus what you are reaching for?
- What is one next step you can take to evaluate what you are reaching for and longing for to fully align them with what it means to grow closer to Jesus?
