

Romans 14:19 Let us therefore make every effort to do what leads to peace and to mutual edification.

Icebreaker

Where did you learn what it looks like to disagree with people?

Conversation Starters

1. Share a time you experienced a "disagreement" with a person or with multiple people. How did it begin, develop, or resolve?
2. The teaching talked about a tendency to fight, flight, or stay in the room. Do you tend toward any of these responses in times of disagreement?
3. "I disagree with you... but I'm with you." What do you think of Jesse's interaction with his friend? Have you experienced something similar?
4. Read Romans 14:19 together. How will we, as a Life Group meeting together continue to edify each other, be for one another, lift each other up, even when we disagree? What would this look like with your family? The people you work with?
